

KARA VITA

Kara Vita Is Committed to . . .

CHANGING PEOPLE'S LIVES

In May of 2007 we introduced our "Changing People's Lives" column. This column would highlight Kara Vita's charitable contributions locally and around the world. The charity of choice for our first article was the Alpha House. This organization helps women and families in crisis pregnancies. The goal of the Alpha House is to move women from homelessness to self-sufficiency while promoting healthy relationships, positive parenting and good self-image.

That month, Kara Vita made a sizeable monetary donation to help complete the renovations of their new kitchen. We were honored to establish a relationship with the organization, and this month we continue to offer our support to this worthy cause.

The Alpha House of Pinellas County, Inc. will host its Fall Gala on Saturday, September 27. Kara Vita will help to sponsor this event, along with donating two gift baskets for the silent auction.

Kara Vita is committed to changing people's lives.
